ALBAUGH HAS QUIT

Does Not Desire to Remain Chairman of the Committee

FOR THREE CAMPAIGNS

He Has Led His Party to Famous Victories.

Topeka, Kan., Feb. 1.—Morton Albaugh will not be a candidate for the chairmanship of the Republican state committee again, even though a majority of the state committee should be for him. A formal statement to this effect is made today. Mr. Albaugh has been chairman of the committee through three campaigns.

"Governor Bailey having withdrawn from the race for governor," he says, "I neither expect nor desire to remain at the head of the state committee."

Asked if he would accept the place if a majority of the members of the committee should wish him to do so, he said: "Most emphatically no. The nominee for governor must lead in the campaign and the head of the state committee should be of his own choosing."

Kansas City, Feb. 1.—W. R. Stubbs, who arrived here last night, said today to a reporter for the Star:

"Mr. Hoch, if he becomes governor and he doubtless will, will be absolutely without hindrance of any kind. He will be governor in name. Nobody is figuring on riding into office on his coattails because of any promises made by him. This movement is to make a governor for Kansas who will be governor himself."

Mr. Stubbs said that he believed that all the present state officials aside from governor would be re-nominated. Stenking of Governor Bailey's withdrawal, he said:

"Governor Bailey was up against certain defeat. Perhaps it might have been better for him to have fought it out, but he never would have won."

FENCED OWN LANDS.

In Doing This They Fenced the Government Land Also.

Topeka, Kan., Feb. 1.—The cattlemen of northwest Kansas will make a vigorous defense in the cases brought against them by U. S. District Attorney Dean on the charge of fencing government land. The claim is made by some of the cattlemen that they fenced their own lands and in so doing fenced the government land on all four sides. The district attorney holds that this is the same as fencing government lands and will ask the court to decide.

Senator Burton said he would soon resume his duties in the senate. He refused to discuss the indictment.

Chicago, Feb. 1.—McVickers theatre, complete with safe against fire and loss of life, re-opened tonight, being the first of the popular play houses to do so since all of them were closed following the fire at the theatre.

The light which first met the eyes of the audience was the outraged surface of the 1,500 pound drop-proof steel curtain. The curtain was lowered between the seats. Scarcely less obvious were the seats, 12 in number, nearly all leading directly to the aisles on each side of the theatre. Above each in large black letters on a white background was the word "EXIT." Further to direct the audience a gas jet with a red globe over each door. The aisles lead directly to the exits. The theatre is under bond to make further alterations by September 1.

COLOMBIA MAY FIGHT

Government Is Helpless and Cannot Check People.

WILL INVADE ISTHMUS

News Comes as a Surprise to All Parties.

New York, Feb. 1.—This cable dispatch was received here last night from an official source in Bogota, according to the Sun:

"Government is helpless in effort to prevent war. In less than a month from now 10,000 men will be on the isthmus."

This information, confirming rumors published from Bogota yesterday that Colombia intends organizing and sending an expedition against Panama, comes as a surprise, in view of the changed attitude of the Colombians, who had apparently accepted the inevitable and depended on General Rafael Reyes, their special envoy to Washington, to save what he could from the wreck, says the Sun. General Reyes was to have sailed yesterday for Barranquilla on the steamer Valencia, but for the second time he deferred his departure. General Pedro Nulipina and Dr. Lucas Caballero, colleagues of General Reyes on the Colombian commission, sailed on the Valencia.

The story continued: On seemingly good authority it is stated that General Reyes remains here because his negotiations with the state department at Washington have not been completely broken off and that he has a tentative promise from this government that Colombia will be taken care of with a pecuniary loan for her injured feelings.

No comment could be solicited from General Reyes at the Hoffman house last night on the threatening dispatch from Bogota.

MOST BRILLIANT EVENT.

Court Ball at the Palace Marked a Social Climax.

St. Petersburg, Feb. 1.—The court ball at the winter palace was the most brilliant event of its kind held here for years and it marked the climax of the social season.

The vast labyrinth of the famous halls presented a remarkable scene for every one present, from the czar down to the lowest civilian was in uniform.

The ladies were clad in magnificent costumes and their jewels could not probably be surpassed at any other court in Europe. The czar and zarina and the imperial family met the guests in the white marble salon. His majesty, wearing the uniform of an officer of the imperial guard, led the grand march with Lady Scott, the wife of the British ambassador. Dowager empress was not present. Mrs. McCormick, wife of the American ambassador, was escorted by Grand Duke Cyril. The czar did not dance the Russian mazurka, which is the feature of the court balls, but instead he moved about and conversed with the diplomats. While speaking with Ambassador McCormick his majesty took occasion to renew the assurances of the United States friendship for the United States.

During the evening Count Lamdorff, the foreign minister drew M. Kurino, the Japanese minister to Russia, into a window embrasure, where the two talked earnestly for an hour. The incident attracted general attention.
